Operational/UFSWING/CART/UJDOWN

Heinrich BODEN

Reference:

FRAN 1812, 11 October 1957 *IN 30846 ZIT DOWN*

ACTION REQUIRED: Request traces on KLEINEGGER and recent traces on HORACZEK.

1. UFSWING has interrogated Hans Heinrich BODEN (201-) in Hamburg. BODEN stated that in 1953-4 a female American had recruited or introduced him to an unknown American military intelligence service with offices in Munich and West Berlin. He had negotiated with this service about setting up contact points in the vicinity of the border of the Harz Mountains area but he had broken off the contact since the Americans had not been willing allegedly to pay enough money and had taken the position "that everything could be paid for with ten cigarettes". BODEN allegedly stated to his UFSWING interrogator that he did not want to name the location or designation of this American service.

2. Regarding his brother, BODEN stated nothing very significant or new except that he had never heard of that Hamburg firm with which his brother allegedly was involved and for which Paul STUPPMANN was the West and East Berlin representative. As references, BODEN gave the UFSWING interrogator two UFSWING names. One was someone called *fm KLEINEGGER* (dob and pob unknown) and the other being HORACZEK (see para 4). (NOTE: *[handwritten mark]* was not supposed to see that part of the report.)

3. Both Franz BODEN (201-) and Mrs. Rosemarie PEUSS (dob and pob unknown) have signed statements that they will not keep up their contacts with the MfS. However, Mrs. PEUSS signed only with the reservation that she could maintain her Eastern contacts to obtain certain restitution data for her relatives in New York City.

4. There were no Munich Base traces which could be identified with the *fm KLEINEGGER* mentioned in para 2. However, *fm HORACZEK* is believed to be identical with Hans HORACZEK, born 14 June 1896 in Zaborn, Upper Silesia, still carried on our records as an UFSWING Special Connection. The last document carded to his name is HQM-18959, 3 Sept 54 and we would appreciate receiving any subsequent traces.
